

Enhancing Learning through Conceptual Memes in the Classroom

Dr. Gulfem Ipek Yucelen
Mechanical Engineering

About Memes

When you accidentally attach the test answer key and everyone still fails.

BORED
TEACHERS

Why Memes?

- Fun and Supportive Learning Environment
- Today's students are tech-savvy learners

★ Student Comment:

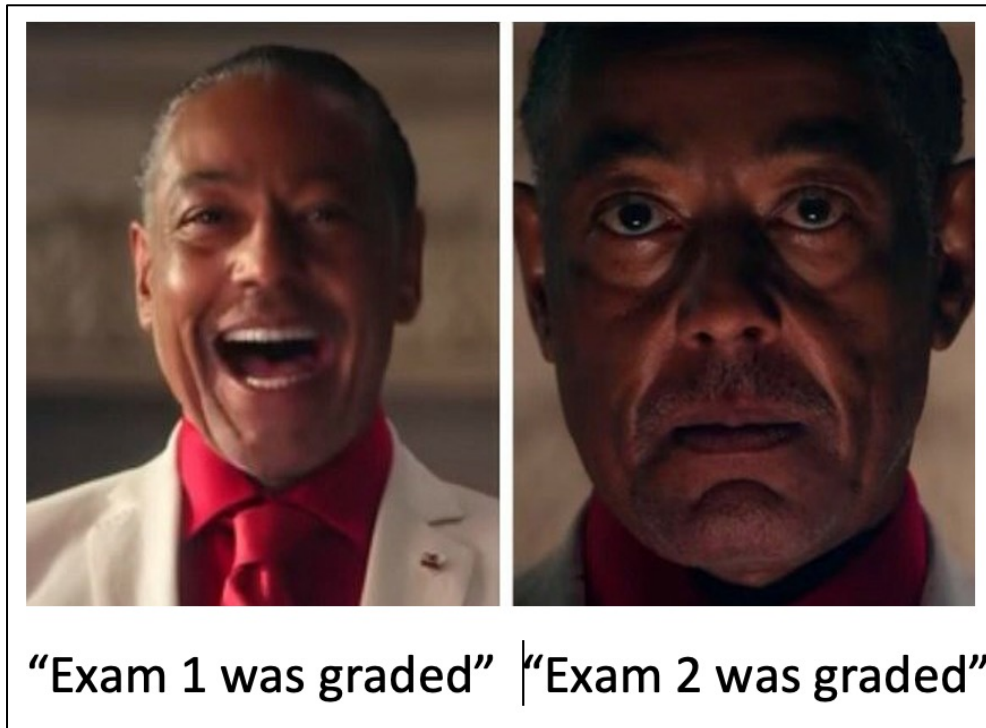

"She likes to share memes that students have made, and they help make the class fun."

"If I just go to bed early tonight then I can wake up and work on my project in the morning"

Relatable Memes

- Powerful way to Communicate
- Create a Sense of Belonging

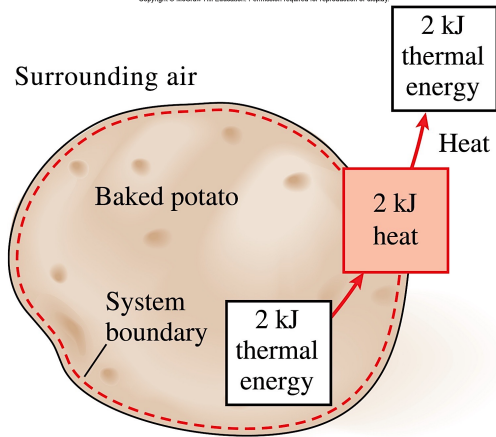

How to Incorporate Memes?

- Meme Competition
- Bonus Point
