

Teaching Squares: Sequencing

1. Schedule a meeting with all members of the square to create the visitation schedule.

	Name	Classes to visit (day/time)	When I am visited (day/time)
Partner # 1			
Partner # 2			
Partner # 3			

2. At the first meeting, record each square member's goals for the project.

	Name	Goals
What do I hope to gain from the Square?		
Partner # 1		
Partner # 2		
Partner # 3		

3. Exchange materials (syllabus, rubrics, lesson outlines, etc.).
4. Conduct observations, taking notes relevant to recorded goals for the project.
5. Review observation notes for your class and write self-reflection.
6. Meet with square to share discoveries and insights.
